The world's first AI sharing economy.

A community-owned platform.
Featuring the world's first **Liquid Bucketing System**.

THE OPPORTUNITY

Own a piece of the AI infrastructure.

01 ANTARI is the world's first **AI sharing economy**.

02 A **community-owned platform**: the people who use the technology are the ones who profit from it.

03 An invitation to become an **entrepreneur** in the AI sharing economy — not a spectator.

01

The structure

One tool, one mission: the Cluster.

ANTARI

THE STRUCTURE

One tool, one mission: the Cluster.

The Cluster is the technological core of the ANTARI infrastructure: the tool that turns our mission, **AI built by people**, into reality.

01

Your home base

A personal virtual space in ANTARI, ready for your business. Your Cluster ID is the bridge to Customers and other Partners and Builders.

02

Your own infrastructure

Install Pod Stacks, which are cloud GPU resources, and build the infrastructure that powers your business.

03

Pods for your Customers

On those resources you create the Pods that run your Customers' AI, ready to grow with you.

BUSINESS LEVELS

Two levels, one entrepreneur career.

PARTNER

Free, simply by signing the ANTARI Business Agreement.

- Takes part in most of the plan
- Refers Customers or other Business Partners
- Builds an entrepreneur career in the AI sharing economy

BUILDER

A Partner who also owns a share of the GPU infrastructure.

- Earns from resources allocation
- Takes part in the Infrastructure Pool, a dividend shared among the infrastructure owners

02

Earning streams

Stack Earning, Pod Earning, Infrastructure Pool and Grid Sharing Earning.

EARNING STREAMS

The plan at a glance.

10%

Stack Earning

PARTNER & BUILDER

On Pod Stack purchases made by the Builder you refer.

20%

Pod Earning

BUILDER

Resale earnings on the Pod resource allocations.

PARTNER 5% REFERRAL

If the customer is referred by a Partner, 5% goes to the Partner as Pod Referral Earnings and 15% goes up to the first Builder as Pod Allocation Earnings.

25%

Infrastructure Pool

BUILDER WITH 2+ POD STACKS

25% of the revenue from all the Pod's AI Plans is divided between every Builder that owns 2+ Pod Stacks with a minimum of 10% allocation.

3–7%

Grid Sharing Earning

PARTNER & BUILDER

Every Partner and Builder you refer builds your Grid, together with a shared quota from the person who referred you. You earn a percentage of all the sales volume in your Grid, powered by the innovative **Liquid Bucketing System**.

STACK EARNING · PARTNER & BUILDER

Earn 10%

10%

Earn 10% on Pod Stack purchases made by Builders you directly referred.

POD EARNING · BUILDER

A resale share on every Pod Stack.

20%

As a Builder that owns Pod Stack Resource units, you will earn 20% Resale on the resources allocated to your direct users.

PARTNER 5% REFERRAL

If the customer is referred by a Partner who doesn’t own the resources, 5% goes to the Partner as Pod Referral Earnings and 15% goes up to the first Builder who owns the resources as Pod Allocation Earnings.

INFRASTRUCTURE POOL · BUILDER

A quarter of AI Plan revenue goes to the pool.

25%

25% of the revenue from all the Pod's AI Plans are monthly assigned to this pool. Every Builder that owns 2+ Pod Stacks with a minimum of 10% allocation, will share a slice of this amount depending on the total SV owned.

WHO CAN PARTICIPATE

Builders owning at least 2 Pod Stacks.

TO RECEIVE YOUR SLICE

At least 500 SV owned and at least 50 SV allocated.

YOUR SHARE

The sum of your Pod Stack resources with at least 10% of their resources allocated.

Grid Sharing Earning

THE PRINCIPLE

The Grid Sharing Earning pays you a percentage of all the Sales Volume (SV)** in your Grid — powered by the innovative **Liquid Bucketing System**.

This percentage is based on your initial contribution to the global goal:

0%

Until you reach a minimum of 100 direct Sales Volume*

3%

From at least **100** direct Sales Volume sold*.

For example 1 Pod Stack (250 SV) or 10 Basic Plans (10 × 10 SV).

7%

From at least **500** direct Sales Volume sold*.

For example 2 Pod Stacks (2 × 250 SV).

* One-time achievement ** Sales Volume is generally 50% of the USD amount. This may change depending on the price list.

GRID SHARING EARNING · THE GRID

How your Grid is built.

Basically there is just one single action to do that is **BUILD** your own line (sequence) of Partner and Builder you directly refer. This builds your Grid, together with a shared quota from the person who referred you.

BRANCHES

When a user joins as a Partner or Builder via your ID, they receive a Cluster and become one of your Branches inside your Cluster Grid.

ROOT

Your Root is the person you joined with. The Root contributes to your Grid with the Cluster of every Business Partner who joins after you.

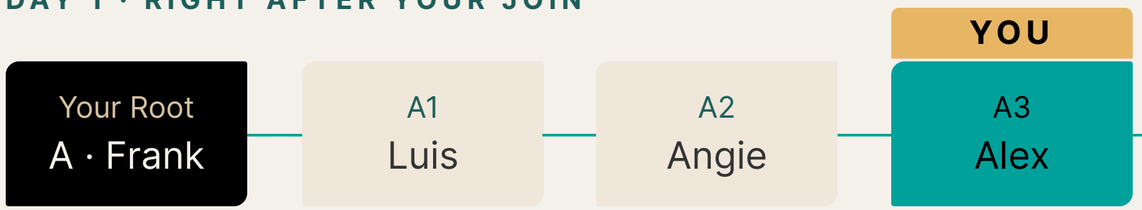
INFINITE LEVELS

Every Cluster in your Grid has its own economy: Pod Stacks, Customers, new Business Partners and Builders, with no limit on levels.

GRID SHARING EARNING · EXAMPLE

Example of how your Grid is built.

DAY 1 · RIGHT AFTER YOUR JOIN



YOUR GRID

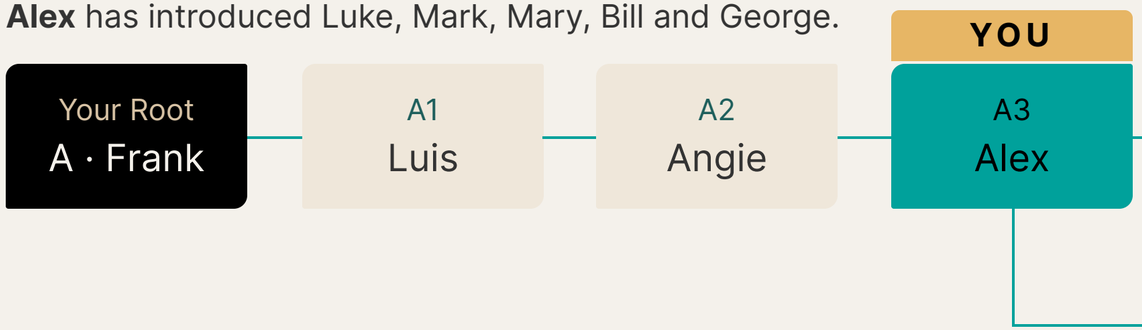
A · Frank's shared Clusters

Initially empty

DAY X

Frank has introduced Taylor, Jack and Jim after you.

Alex has introduced Luke, Mark, Mary, Bill and George.



YOUR GRID

A · Frank's shared Clusters

A4 **Taylor** +

A5 **Jack** +

A6 **Jim** +

Your Cluster branches

B **Luke** +

C **Mark** +

D **Mary** +

E **Bill** +

F **George** +

All the users will create their lines "**+**" up to infinite levels.

GRID SHARING EARNING · CALCULATION WITH THE LIQUID BUCKETING SYSTEM

Three steps, every cycle.

01

Bucket size

Each cycle, every Cluster in your Grid — all your branches plus the root shared clusters — is scored by total sales volume, highest to lowest. The Top Producer, first in the chart, plus any sales volume carried forward, sets your Bucket size. DYNAMIC · re-established every week. All the Buckets start empty and share the same size.

02

Total sales volume

The sum of the sales volumes from every Cluster in your Grid — all your branches and the shared root clusters — plus any sales volume carried forward from the previous cycle. The sales volumes are poured into the Buckets sequentially. When a Bucket is full, the overflow moves automatically into the next one until all the Clusters' sales volumes have been allocated.

03

Payable sales volume

Bucket 1 does not pay alone: as Bucket 2 fills, the same sales volume becomes payable from both. From Bucket 3 on, sales volume pays only when the Bucket is complete.

YOUR EARNING

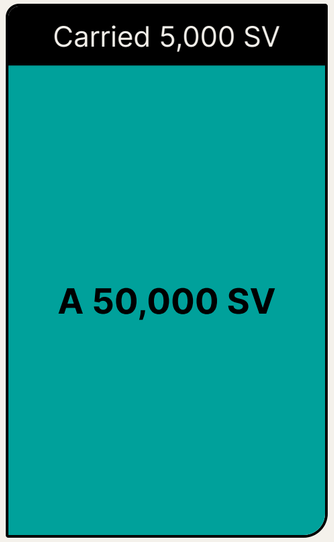
3% or 7% of the payable sales volume

LIQUID BUCKETING · EXAMPLE 1

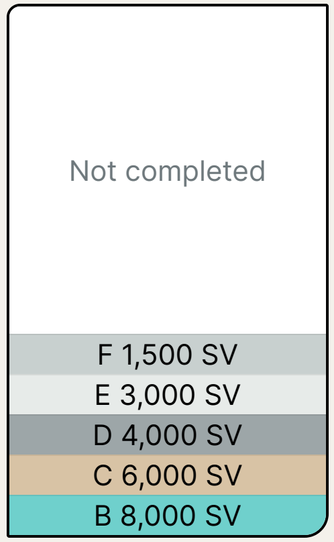
One full bucket, one still filling.

Carried	A	B	C	D	E	F
5,000 SV	50,000 SV	8,000 SV	6,000 SV	4,000 SV	3,000 SV	1,500 SV

Bucket 1 · Full



Bucket 2



THE CALCULATION

Bucket size: **55,000 SV** (A 50,000 SV + 5,000 SV carried)

Bucket 2 not completed: **22,500 SV** of 55,000 SV

Payable on buckets 1 and 2: **22,500 SV** each

YOUR REWARD · 7% LEVEL

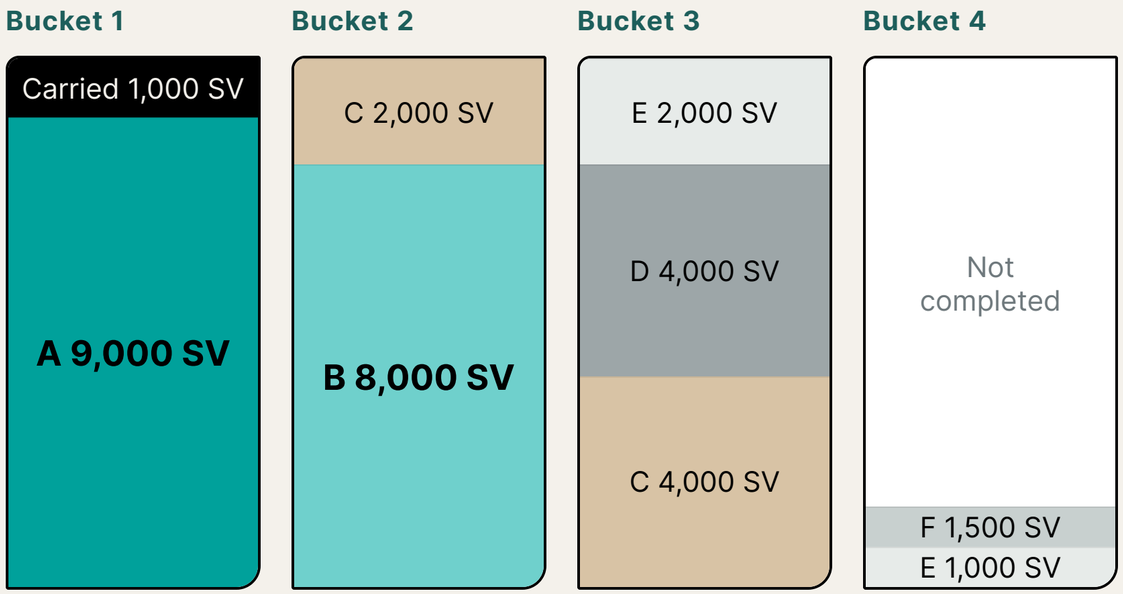
$$7\% \times (2 \times 22{,}500\ \text{SV}) = \$3{,}150$$

55,000 SV − 22,500 SV = 32,500 SV carried over

LIQUID BUCKETING · EXAMPLE 2

Three buckets completed.

Carried	A	B	C	D	E	F
1,000 SV	9,000 SV	8,000 SV	6,000 SV	4,000 SV	3,000 SV	1,500 SV



THE CALCULATION

Bucket size: **10,000 SV** (A 9,000 SV + 1,000 SV carried)

Buckets completed: **3**

Payable per bucket: **10,000 SV**

YOUR REWARD · 7% LEVEL

7% × (3 × 10,000 SV) = $2,100

1,500 SV + 1,000 SV = 2,500 SV carried over

03

Business career plan

Twelve tiers, from Manager to Brand Ambassador.

BUSINESS CAREER PLAN

Twelve tiers of growth.

Tier	Payable volume	Active branches
Manager	500	1
Senior Manager	2,500	2
Top Manager	10,000	2
Director	25,000	3
Senior Director	50,000	3
Top Director	100,000	3

Tier	Payable volume	Active branches
Executive	200,000	4
Senior Executive	300,000	4
Top Executive	400,000	4
Ambassador	500,000	5
Elite Ambassador	750,000	6
Brand Ambassador	1,000,000	7

THE INVITATION

Become an entrepreneur in the AI sharing economy — not a spectator.

A community-owned platform, where the people who use AI are the ones who profit from it.

ANTARI

ANTARI

LIFE CHANGING TECHNOLOGIES

The world's first AI sharing economy.
